GOLDEN WARRIOR

09,4-

beam of light shining through a prism. It can remain just a beam of light or it can end up a shimmering rainbow.

We encounter many challenges during our four years here at CCVTS. We look forward to new beginnings, anticipate the meeting of new friends, grow to new dimensions, and dream of the future. As individuals, we face these challenges with a sense of responsibility and enthusiasm. Just like a flower draws its strength from the sun, so can we draw our strength from those challenges that test us.

CCVTS can indeed be that prism that changes our lives ...

As We Change

Beginnings

I Believe In Me

Here we were as freshmen, very uncertain of ourselves, filled with fear at this new beginning. The campus went as far as the eye could see, there were many names to remember and our classes were so far apart. As we opened ourselves to this new experience, things began to happen. All of a sudden, we knew the way to our next class, and recognized other students in our shop. We were able to make it to the next class on time even if it was clear across campus. Then, new beginnings let way to a deeper sense of security. Now, we were able to help others find their way and we began to introduce new friends we had made to yet others.

We were off to a wonderful start. This was going to be a great four years.

Individuality

We all belonged to the Class of 1988 but we were very different. Each of us brought to our shops, sport fields and academic classes, our own personalities and **individualism**.

We tried to show our uniqueness with a variety of fashions, with "in" hair styles and with different interests.

Some of us listened to Led Zeppelin, others to Whitney Houston. Some followed the NY Mets, others never missed a football game. Some of us couldn't live without pizza, others preferred a hearty steak and potatoes. Our cars were a rainbow of colors and makes, we belonged to a variety of clubs and our homes and outside jobs were located all over the county.

We expressed ourselves in our own way. We were all exceptions. We were unique. We were us . . .

I Am Not An Ordinary Person

The Goal Of All

growth

Living Is To Grow ...

New griends

Students came to CCVTS from many areas. We began to make friends from all over Camden County. The friendships grew stronger and we had many great memories of hilarious lunch periods, high phone bills and meeting at the mall on Friday nights.

As each class graduated, the strength of the friendships we had forged over the years were tested. Many graduates promised to keep in touch with us but between juggling a full time job and maybe college - staying in touch was difficult. **New friendships**

took their place.

These friends helped us through school - standing by us when we needed them, sharing the good times, the sad times, encouraging us when tests were scheduled, helping us solve an intricate shop assignment, comforting us when our hearts were hurt or just being there for us. We'll always have the memories of those special times we had with our friends at CCVTS.

Challenges

lenges. We were faced with VICA competitions, open house projects, mid-terms and finals, driver's tests, presidential fitness programs, bowling matches, new track records, coop jobs and even the search for just the right dress for the senior prom.

Hopefully, each new challenge brought with it the pride and glory of a job well done.

The Best Is

Juture Dreams

The future seemed so close ... always before us ... encouraging us to try just a little harder or concentrate a little longer.

From the beginning, some of us knew exactly what we wanted but as each year passed and we changed so did some of our **dreams**. New ones came along and those that we were determined to fulfill, we held on to ...

Each new experience enhanced our skills; each new accomplishment increased our confidence. Our dreams were becoming reality and we were part of the magic . . .

Yet To Be ...

We Take Pride In

Responsibilities

The more involved we became, the greater our responsibilities ... we had soccer games to attend, clubs to join, picnics to plan, class trips to take and jobs to complete. We were faced with many new roles - we had become class officers and team members, committee planners and job overseers - each new responsibility gave us the confidence we needed to take on more.

Caring ... Helping ... Giving

As we look back and see ourselves as we anxiously awaited the arrival of the first school bus that brought us to CCVTS's doorstep, we realize the tremendous growth and change that has occurred in us. Like the miracle of sunlight streaming through a prism, so have our lives passed through CCVTS producing a sparkling rainbow.

Growth, learning, change, and accomplishment are words that come to mind when one thinks of graduation. During our twelve year in school you have grown both physically and emotionally and you have spent many hours learning in your classrooms and shops. As you leave high school, your world is about to change and, hopefully, you will take ad-

vantage of the accomplishment you have achieved in graduating from high school.

Be mindful that growth, learning, change and accomplishment can be among the most rewarding conditions a person can experience throughout his/her lifetime.

Lauden Haldward

James O'Hara Assistant Superintendent

Gary Bennett Assistant Superintendent for Business

Administration

John E. Troxell Director of Special Needs

"Growth" - is what you have demonstrated over the past four years here at Camden County Vocational and Technical Schools. The educational process has assisted you in this "Growth" and development in preparing you to meet the challenges of the future.

I remember many of you as your arrived four years ago, young and inexperienced, almost overwhelmed by the size of our campus. You have grown to be strong young men and women highly capable now to assume the role you have chosen in your trade or to explore the future in higher education or a career in the service of our country.

Congratulations and best wishes to the Class

of 1988.

harles Fl Ebbicke

As you step forth to accept your diploma from Camden County Vocational and Technical School you make a statement to your friends, family and the world. You signify that you are ready to meet the challenges of work, adult life and become contributors to your community.

Having attended Camden County Vocational and Technical School you leave with strength of knowledge, trade talent and character. Today's society needs strong, level-headed thinkers and ready contributors. We have tried to give you pride in yourself and an attitude which will cause you to share your skills.

Everyday, from graduation on, you should reflect on your experiences here and then go out to make a conscious effort to improve the life of all around you.

Best Wishes,

John E. Trojell

The 1987-1988 Team won more games (9) than any other Boy's Basketball Team at CCVTS in 10 years. Byron Wilds scored 603 points making him only the second player in school history to go over 600 points in one season. Byron also set the school record for most points in one game with 53 vs. Westhampton Tech. The Warriors finished in 8th place in Olympic Conference National Division. Byron Wilds made Honorable Mention-All conference in our division.

The girl's basketball team had six victories during the 1988 season. Doing their best enabled them to

enter the Vocational Tournament. The high scorers for the season were Lisa Richardson, Joni Rojo, Nicole Boyd, and Twanna Donaldson. With the assistance of the team players, they made great strides this year.

Lisa Richardson broke the Camden County Vocational School record set in 1984. She scored 43 points in the game against Westhampton Tech.

Highlights included wins over Audubon, Trenton and Pitman High Schools. The team was led by Senior John Medina in the 100 Butterfly, 50 and 100 Freestyle, and 200 Ind. Medley, and Junior John Madden who was the South Jersey League Diving Champion. The team's success was due to the improvement of swimmers Tim Wagner, Dave Russella, Aaron Brown, and Eric Van Dengraff. Always steady was top breaststroker Bob Cavender while the following Rookies performed extremely well: Don Douglas, Brian Helmetag, Mike Rercher, Mike Paladino, Pedro

The Wrestling Team, which competed many young wrestlers in the starting line, finished the season with a 4-13 record. Seniors Joe Gerkey, Marcelo DeSousa and Andrea Harman gave vital support to a rebuilding team.

Junior James Bey who contributed 57 team points and helped the

team clinch an upset victory over Medford Tech was named M.V.P. Freshman Craig Straub was awarded Rookie of the Year honors for his 11-8 record while Joe Gerkey and Lewis Irizzarry received the most improved wrestler awards. Sophomore James Brown was named outstanding JV wrestler.

Bowling

The Girls' Bowling Team had a very successful season. The Varsity overall record was 35-25. In their Olympic Division, the girls were 18-18. The Junior Varsity had an overall record of 36-24 and 24-12 in the Olympic.

The high point of the season was the first place finish in the New Jersey State Vocational Championship. This is the second straight year the girls have been champs. Also, the third in four years.

Sharon Phillips is the lone senior graduating from the team. Sharon has been Captain for the last two years. Sharon has been the high scorer and a member of the league All Star Team.
